Profile

I am Mouhamadou Rassoul Fall — Mechanical Engineer (DAUST) specialized in reliability, condition monitoring and corrosion treatment. Entrepreneur and founder of PADDAMES (footwear & personal branding) and Naasoul Juice. I turn ideas into outstanding industrial and digital experiences, from clean engineering to real production.

Experience

- **ERAMET · GCO** — Reliability Technician (Condition Monitoring, Corrosion Treatment, Naval Civil with Marine Nationale).
- **Ministère de l'Environnement et de la Transition Écologique (METE)** — Engineering & sustainability missions.
- **PADDAMES** — Founder & CEO. Custom footwear and personal branding for African leaders.
- **Naasoul Juice** — Founder & CEO. Natural fruit-juice brand made in Senegal.
- **AfricaBuilderCompany** — Creator & community builder for African makers.

Education

- **DAUST** — B.Sc. Mechanical Engineering.
- **ESP** — Engineering preparation.
- **Lycée Maurice Delafosse** — Baccalauréat S.
- **Intensive English Program (IEP)** — 4 months at DAUST.

Certifications

- Habilitation Électrique NF C 18510 — Bureau Veritas.
- English Level 3 — British Council.
- ACOEM / ONEPROD / SDT — Vibration & condition-monitoring training.
- Proquelec — Electrical qualification.

Skills

- Mechanical Engineering · Reliability · Vibration analysis · Corrosion treatment.
- Entrepreneurship · Personal branding · Product launch · Community building.
- Web & AI tools · Clean code · Digital impact.
